

DERMELAR
LABORATORIES

PHILOSOPHY

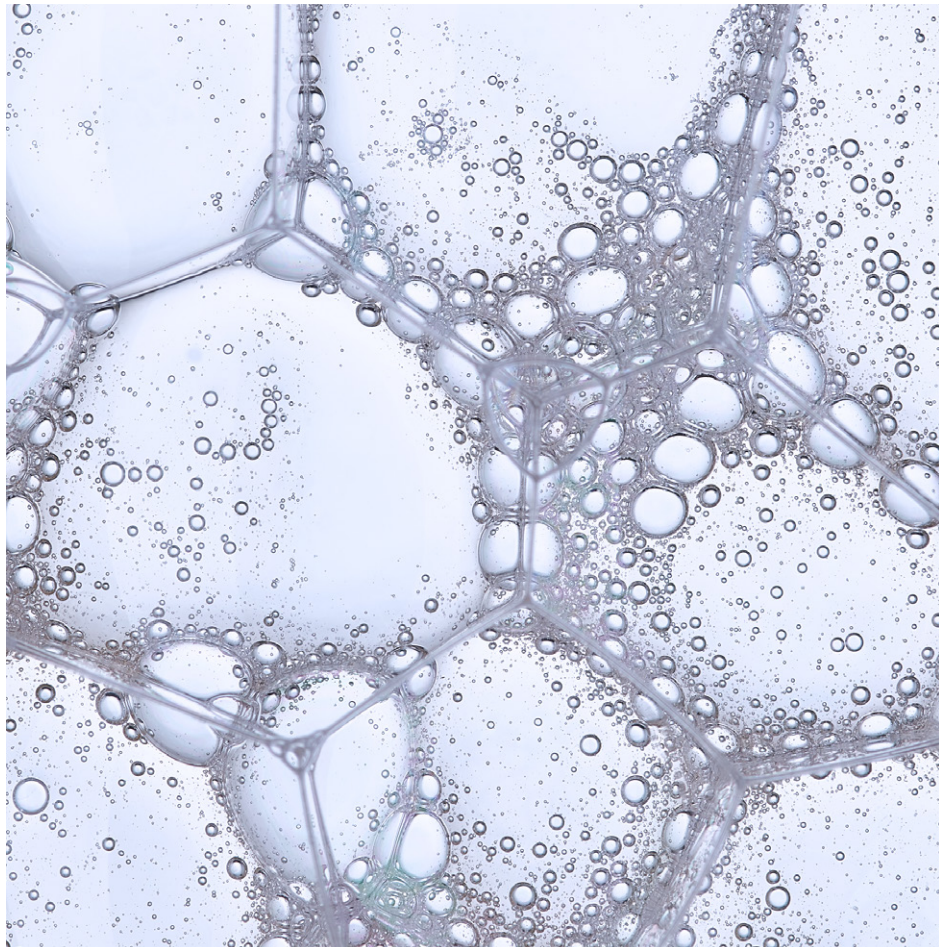

Perfect skin is no longer unachievable. Our skincare philosophy is to use the best that nature and science have to offer. Based on our three pillars we strive to Protect Restore and Prevent these work together to provide perfect skin.

Scientific technology in state of the art laboratories.

Our formula approach is simple we use only the best. We especially use botanical extracts as they add to the efficacy of the formula. Based on that our formulas take a dual approach of carefully chosen botanicals combined with high-performing actives and cutting edge science technology.

CLEANSERS, TONERS, EXFOLIATORS

The ultimate deep cleansing treatment for skin exhibiting pore congestion and toxic build up. Made from a blend of precious minerals such as kaolin, fruit extract and acids, they work together to draw out impurities, refine pores and to address skin congestion. It contains potent antioxidants which neutralize free radical damage and reduce skin irritation while increasing hydration, strengthening the skin barrier function while regulating oil production to boost the skin's immunity.

PURIFYING CLEANSING FOAM

ALL SKIN TYPES

A gentle cleanser for all skin types. This foaming cleanser deeply cleanses and purifies the skin whilst balancing excess oil. It helps decrease sebum secretion, reduces new blemishes and improves acne prone skin while maintaining and moisturizing the skin. Leaving the skin feeling fresh with a lasting matt appearance.

KEY INGREDIENTS

Acacia Senegal Gum

Helps adhere products to the skin and maintain moisture, promoting long-lasting hydration.

Zinc PCA

Instantly refines the look of pores with unique light-scattering optics, helps decrease sebum secretion.

Salicylic Acid

Helps remove dead layers of cells that build up on your skin's surface and improve acne prone skin.

TRIPLE ACTION SCRUB

ALL SKIN TYPES

An enzymatic scrub that is infused with AHA fruit acids, it softens and brightens the skin while restoring its even color. The triple Action Scrub can be used as a face wash, a gentle exfoliator and as a mask. It reduces black heads and clogged pores. It also helps to support restoration of proper skin balance, and assists skin to regain its natural defense mechanisms.

KEY INGREDIENTS

AHA Fruit Acids

Offers a smooth, brighter complexion and is capable of improving moisturization. The skin appears smooth and radiant.

Papain

Exfoliates and helps remove dead cells from the skin surface. Refreshes skin beauty and helps renew skin's youthful appearance.

Litchi Chinensis Seed Powder

Helps exfoliate the skin, revealing a softer, more refined texture.

HERBAL TONIC

FOR OILY AND / OR ACNEIC SKIN

This potent formula contains botanical extracts with mandelic and salicylic acid that is suitable for oily and irritated skin and for acne prone skin with blemishes. It opens the skin's channels to absorb serums and creams effectively while reducing the appearance of enlarged pores. Keeping intact essential moisture resulting in smooth and supple skin.

KEY INGREDIENTS

Mandelic Acid

Gently and effectively exfoliates oily skin, helps clarify, leaving the skin looking radiant.

Menthol

Provides nourishing and protecting care, produces a cool, soothing sensation.

Salicylic Acid
